

Features

- When used with K-728 Series MasterShower diverter valves, handle controls flow to two or three outlets individually or any two outlets at a time.
- When used with K-737 Series MasterShower diverter valves, handle controls flow to two or three outlets individually or only one outlet at a time.
- Valve (not supplied) can be configured on site for 2- or 3-outlet operation.
- Complements Artifacts faucets and accessories.

Material

- KOHLER finishes resist corrosion and tarnishing.
- Premium material construction with metal handle ensures reliability and durability.

Installation

- Trim only; requires valve to complete installation (sold separately).
- Patented K-joint installation technology ensures consistent trim appearance, regardless of variability in valve rough-in.
- Trim only; requires K-728-K MasterShower® 2- or 3-way transfer valve or K-737-K MasterShower® 2- or 3-way diverter valve (sold separately).
